## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-25 are allowed.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: When read as a whole, claims 1, 10, 19, and 22 are allowable with respect to the following limitations:

With respect to claim 1, the primary reason for allowance is the combination of the limitations of loading a bootstrap program into an area of a memory of a service module that was occupied by a run time program, and capturing a memory image of the memory using the bootstrap program.

With respect to claim 10, the primary reason for allowance is the combination of the limitations to load a bootstrap program into an area of a memory of a service module occupied by a run time program, thereby overwriting a code portion, not a data portion, of the run time program, and capture a memory image of the memory using the bootstrap program.

With respect to claim 19, the primary reason for allowance is the combination of the limitations of a bootstrap program to capture a memory image of the memory, wherein the bootstrap program is loaded into an area of the memory occupied by the run time program.

With respect to claim 22, the primary reason for allowance is the combination of the limitations of loading a bootstrap program into a first memory area of the memory that is

occupied by the run time program, thereby overwriting a code portion, not a data portion, of the run time program.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
